

Monday 4th May

Dear Kingfishers and families

I hope you are all keeping well. I wanted to say thank you to all of you who have taken the time to send in photographs and examples of your learning at home. I have thoroughly enjoyed looking at each and every one of them and seeing the learning that is happening in your homes.

This week is an exciting week as we are commemorating 75 years since VE day. I hope many of you will be able to take part in our whole school project, creating your own 'VE day' bunting to hang at home to help decorate your local community. Don't forget to send photos of you and your bunting to school so we can flood the school website too!

Ideas for Home Learning Activities - w/c Monday 4th May

Oak National Academy

English - Investigate poems this week from reading poetry to writing your own sound poem.

Maths - Learn about equivalent fractions; adding and subtracting. Don't forget the 'Friday Maths Challenge'.

White Rose Maths

The focus this week is money, continuing the learning from the Spring term. Converting money between £ and p, adding and subtracting money. Another 'Friday Maths Challenge' to try too.

Twinkl

If you haven't tried the 'Twinkl' website, it is a great place to find lots of resources. This week why not try the KS2 VE day resource pack this includes a powerpoint which you can share with your child, a reading activity, code breakers activity and many more.

Explorify

This site has a wonderful range of science activities including investigations and videos to discuss.

TopYa! Active App - If you are looking for more physical outdoor challenges for your child why not download this app. It is a video-based platform with new challenges available every Monday, Wednesday and Friday. Just download the app and use the invite code 23880.

This week I hope to be able to give you a call and look forward to speaking to you and hearing your news.

Take care and stay safe.

Best wishes

Miss Tyler
