Responsible Recycling

Looking after the Environment

A key focus for Eats is, and will continue to be the reduction of single use plastics within our schools. New initiatives are being trialled and we are working closely with our suppliers to find the best solution. We have taken the opportunity to produce this terms menu on 1 single A4 sheet of paper to demonstrate our commitment to sustainability. We also have a black and white version of this menu available on our website to save on colour ink when printing at home.

Eats Gallery

Take a look at a couple of photos of our dishes from our menu. Photographs of all our dishes can be found on our website eats-catering.co.uk

Peas Please Pledge

Great News! Since signing up to this initiative we have managed to increase our customer consumption of vegetables by an additional 72,232 portions. We will continue to support and promote healthy eating within our schools.

Peas Please
