

Wb 27th April 2020

Dear Parents and Larks class,

Hope you are all keeping safe and well. Thank you for taking time to speak to me on the telephone and tell me all about the wonderful things you have been doing whilst we are apart.

Please do send in photos of your child with any work they are proud of. We have received some photos already which we are hoping to put onto the website to share. Please state when you send in photos whether you are happy or not for these to go onto the website.

The Oaks Academy website set up by the Government has some super lessons and it is really easy to navigate. There are no mixed class lessons, but you can select Reception or Year one as you think appropriate for your child's ability/interest.

Reception children

Literacy: listen to the story of Goldilocks and the three bears

Numeracy: counting objects and understanding equal groups

Foundation subjects: what it means to be bored!

PE: PE with Joe Wicks

Year One

Literacy: Sam's Sandwich and answer questions about the story

Moving onto instruction writing

Numeracy: compare lengths and heights and then the mass

Foundation subjects: What is a continent?

PE: PE with Joe Wicks

The Home Learning on BBC bitesize this week the **topic lesson is 'Who was Neil Armstrong?'** The children might love this, as this would have been our topic when we finished!

The White Rose online lessons this week would also be good for recapping as Year 1 is on Fractions and Reception this week are looking at patterns.

Thank you for everything that you are doing already in assisting your child with their home learning. Please do what is manageable for you and your child; the last thing we want to do is add any extra stress! A little and often seems to be the best strategy! I am planning on phoning again next week to touch base. Until then keep busy and keep safe.

Miss Wedderburn
