

17<sup>st</sup> April 2020

Dear Parents and Carers,

Can I firstly just take this opportunity to say, on behalf of all the teachers, that I hope you and your children are keeping well in this difficult time. We are missing the children and look forward to being together again soon.

I am sure that it has been really challenging at points, for them and for you, and hope that the resources we have sent out to you are helpful. Whilst this is technically the Easter holidays and, therefore, you may be wishing to take a break from home learning, for some families it may be more appropriate to keep some structure. Please rest assured that there is no right or wrong and that whatever is working for your family in these unprecedented times is absolutely okay.

I have included some more links to resources to support home learning in this letter. Please can I also remind you about the Home Learning Projects on our school website which provide a wide range of suggested learning activities for each key stage to span 7 weeks. Further Home Learning Projects will be made available over the coming weeks and we will inform you when these are ready.

[https://www.greatwhelnetham.suffolk.sch.uk/website/home\\_learning\\_work\\_1/460401](https://www.greatwhelnetham.suffolk.sch.uk/website/home_learning_work_1/460401)

In addition, there are Speech and Language resources which can be accessed via this link

<https://speechandlanguage.info/parents>.

Stradbroke Primary has also developed a SharePoint site with more resources for parents to use with their children. If you would like to join the site, please email [onlinelearning@asst.org.uk](mailto:onlinelearning@asst.org.uk). Everyone is welcome and there are some great resources.

I also highly recommend the lessons are all available on the White Rose Maths website at [www.whiterosemaths.com/homelearning](http://www.whiterosemaths.com/homelearning) where you'll also find clear instructions on exactly how access and use the right material for your child's year group.

Just a reminder – if you are using any YouTube links and videos to help your child with their learning, please be aware that adverts can pop up when you are least expecting them to! We would advise that your child uses YouTube with your supervision to keep them safe. We hope that you are able to enjoy the Easter with your families and, as ever, we are thinking of each and every one of you.

Best wishes,

Mrs Barrow

CEO ASST
